

## About the Nevada End of Course (EOC) Examinations

4

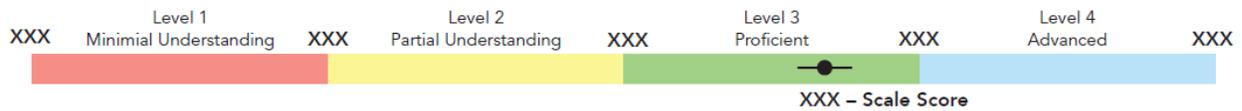

As required by state law, Nevada Revised Statute 390.600, four End of Course (EOC) examinations are required for students to graduate starting with the graduating class of 2019. Each EOC examination measures how well a student understands the subject area tested. Students take the EOCs at the conclusion of corresponding courses during the school career. End of Course examinations are administered in the following subjects:

- English Language Arts (ELA) with a focus on Reading Comprehension and Writing (Begins with Class of 2020)
- English Language Arts I (ELA I) with a focus on Reading Comprehension (Class of 2018 and 2019)
- English Language Arts II (ELA II) with a focus on Writing (Class of 2018 and 2019)
- Mathematics I with a focus on Algebra I (Class of 2018 and Beyond)
- Mathematics II with a focus on Geometry (Class of 2018 and Beyond)
- Science with a focus on Life Science (Begins with Class of 2020)

### STUDENT RESULTS: ENGLISH LANGUAGE ARTS II

6

\*The student's test scale score is indicated by ●. If this student were to test again under similar circumstances, his/her score would likely remain in the following range: XXX-XXX.

### TEST RESULTS BY REPORTING CATEGORY CLAIM

7

2017 AREA PERFORMANCE	Below Standard	Near Standard	Above Standard
Writing: How well does the student communicate in writing?		✓	

Key:

4

This section is a brief introduction to the EOCs, the Nevada statute determining EOCs as a graduation requirement, and the subject content assessed.

5

See this web site for the Spanish translation of the EOC score report.

6

The **Student Results** section for each content area indicates where the Scale Score lies within an Achievement Level. The Scale Score is a measurement of the student's progress on each exam.

7

The **Test Results By Reporting Category Claim** is a broad statement that identifies a set of knowledge and skills on which students are measured. Student performance for each Claim is listed in the Performance Detail of **below**, **near**, or **above standard**. Performance Detail quickly identifies if your child met the achievement standard.
